### BURNING HOURS

county permits daily burning even on "smog red" days between 4 and 8 p.m. Morning burning between 6 and 10 a.m. is allowed in addition to the evening burning when "smog green" days are forecast by the Air Pollution Control District. Burning hours in the city of Torrance are from 6 a.m. to 10 a.m.

## Foreign-Born Residents Eager To Be Americans

When it comes right down to it, Americans are proud of their country, its history, its traditions, and the many rights, privileges and blessings which they enjoy. As a rule those things are taken for granted as we go about our business, day in and day out.

However, there is no group of individuals who are so conscious of the true spirit of America as those who, like the founding fathers of this country, have come here after persecutions and wanderings and in the belief that America is the one earthly haven which offers freedom, peace, and opportunity to all.

Anxious to be assimilated into the American bloodstream, countless immigrants anticipate the day that they may be accepted as American citizens.

From the Four Corners The naturalization class at Torrance evening high school is typical of this dream. Displaced persons, a war bride, individuals in search of greater opportunity coming from Yugoslavia, Romania, Hungary, Ukraine, Sweden, Portugal, Belgium and Canada are eagerly studying about the American way of life so they may become American citizens.

"America to our immigrants is a source of daily thanksgiving," their teacher, Mrs. Betty Lowe, stated feelingly. "They want to know all they can about America and it is important that those of us who teach this course do justice to our American heritage and make it appear warm and meaningful to our future citizens."

Some of the immigrants gave their reason for coming to this country in a sentence or two during a recent class survey. Those reasons, brief as they are, say everything, and imply even more.

### Why They Came

Here is what some of the people had to say: **MARGARET JERKOVICH**, 1439 1/2 Carson st. (DP YUGOSLAVIA) Escaping from Communism and therefore leaving my home and country, I wandered through all the European countries, wanted nowhere and pushed from one place to another, because I was a stranger. Getting acquainted with the tragedy of war and having no home and place to stay, life seemed not worth living. The U. S. was the only country which opened its arms and gave us a new home and job. I settled down feeling secure again and I will appreciate everything I owe to this country as long as I live.

**STANLEY BLAGOJEVICH** of Yugoslavia: I came here after World War II. I didn't want to go back to Yugoslavia because it is Communist. I was a prisoner of war in Germany and was liberated by the U. S. Army. I stayed in a refugee camp until I came to America.

**EMMI STOCHLIA**, 1645 W. 186th st. (refugee, Yugoslav) We found freedom, happiness and the beginning of a new life in a great country. Thanks to everyone who makes it possible for so many homeless people to come to the United States of America.

**PAULA BROWN**, 23805 Park st. (Belgium war bride) My hometown was Spa, Belgium, which is a famous resort town in Europe. It's about 20 miles from Malmédy where the Battle of the Bulge was fought. My father is from the Belgian Flanders and my mother was a French warbride. When war started in May, 1940, my family was part of the horde of refugees who sought refuge in France. We were caught in the Battle of Dunkirk. During the battle we sought shelter in an abandoned place the soldiers had built for a machine gun. My immediate family and I escaped unharmed.

**MRS. GUNVOR FEENEY**, 2725 Grand Summit rd.: I was raised in Vuollerim, Sweden which is near the arctic circle where our friends the colorful Laplanders live. My forefathers were the first to settle in Vuollerim 200 years ago. I began working at the age of 14 which made it possible for me to come to the United States four years later.

**NICHOLAS A. FEDORUK**, 1324 Cordary ave. (Canada) We moved here because we

like the American way of life. Having adopted two boys just prior to our move here, we wanted to give them all the opportunities possible to be good citizens. This country offers the best opportunities to all.

There are others in the class whose stories are similar: Joseph Marcz, 1529 W. 221st from Hungary and his wife, Irma, from Rumania, coming here by way of Canada; Walter Stochlia a DP from Ukraine; Jacob and Mary Szeibert, 717 214th st., from Hungary by way of Canada; Joe Ulrich, 16943 S. Western, from Canada; George Lima, 2622 W. 177th st., from Portugal; and Laura V. Gatehouse, 1925 S. Crenshaw, from Canada.

These will soon be citizens of America. They will treasure their new-found homeland with a devotion that may be equalled but not surpassed, for they embody the spirit of the Statue of Liberty whereon is inscribed:

"Give me your tired, your poor, Your huddled masses yearning to breathe free, The wretched refuse of your teeming shore. Send me these, the homeless, tempest-tost to me, I lift my lamp beside the golden door!"

Mr. and Mrs. Bill Overstreet Jr., of 1508 Torrance Blvd., announce the birth of a son, Greg Alan, weighing 7 pounds and 8 ounces.

### Car Hits Pole, Marine Hurt

Jerry Moore, 19, a marine stationed at Camp Pendleton, was taken to Harbor General Hospital for treatment of head injuries when a car in which he was a passenger rammed into a telephone pole at Calle Mayor and Pacific Coast highway early Monday morning, according to police. Driver of the car was Donald L. Downs, 19, of the U. S. Marine Corps.
